The Revival Meeting.

The protracted meeting which has been going on for the past ten days at the Christian church part of the time, and at the Cumberland Presbyterian part, closed last Wednesday night, and Elder B. B. Sanders, who has been conducting the meeting, left Thursday for Coleman, where he will preach the next ten days.

Mr. Sanders is an able expounder of the scriptures, and his preaching at this place met with very favorable comment by those who went to hear him. He is not on the bombastic order, but rather retiring in his manner, not too much, however, and shows a high appreciation for good listeners, which any man can get in San Angelo, and which he had.

The church had nine additions during the meeting, and was spiritually much revived. Mr. Sanders leaves our town with the best wishes from all those who formed his acquaintance while here.

Hancock Texas Disc Plows.

J. S. Miles has just received a car load of Hancock Texas Disc plow, both single and double disc. This plow is manufactured in Texas, and last year 90 per cent of the disc plows sold in Texas were the Hancock make.

They are noted for their light draft and for doing work when other discs fail. If you are in the market for a disc plow Mr. Miles will sell you one of these plows, and if you do not say yourself it is the best plow you ever saw, and it does not do what he says it will do you have a right to return it, or in other words he will put it in your fields and try it and if you don't like it he will pay you for returning it to his place of business.
